CAREER OBJECTIVE

I'm a cybersecurity enthusiastic committed to protecting and defense digital landscapes. My expertise in analyzing and securing web application applications. With a focus on ethical hacking and threat hunting, I work to uncover vulnerabilities and develop proactive security measures. I'm eager to join an innovative team where I can drive cybersecurity forward, protect digital spaces, and build a strong culture of resilience and trust. I enjoy sharing knowledge in the cybersecurity field, also passionate about governance, risk, and compliance and continuously seek to expand my knowledge in these areas.
